

Guide to Making University Wishes

MICEFA candidates **MUST** select at least 4 university and/or consortiums when applying. You may select more than 4 if you would like. Please follow this guide on how to select universities:

Step 1: Explore our Partners

Using the micefa website:

www.micefa.org/universites-partenaires/ research which university partners interest you based on academic needs and personal preferences. *Please consult the list of universities available for you particular exchange period.*

Your selection should be based on the following criteria:

- ✓ Are courses offered in my specialty (are these courses open to exchange students)?
Consult the » *Etudes possibles par Université* » table available on the MICEFA website.
- ✓ Do I have the necessary financial resources?
- ✓ Do I have the required language level?
- ✓ Is my nationality* eligible? *Ex: American citizens are not accepted by universities in California.

Step 2: Make Your Selection

Select a minimum of 4 universities and/or consortiums in accordance with the following rules:

- ✓ If interested in a consortium (CSU, CUNY, SUNY) each counts as a single wish. You must then select 4 campuses.
- ✓ Consult University Groups. Selecting only Group A universities results in a higher likelihood of being placed outside of your wishes.

Example Selections

Please see example university selections below:

1. CSU (Los Angeles, SDSU, SFSU, Bakersfield)
2. Glendon College of Toronto
3. University of Miami
4. Manhattan College

1. CSU (Los Angeles, SDSU, SFSU, Bakersfield)
2. SUNY (Buffalo, Oswego, Albany, New Platz)
3. Louisiana State University
4. Baldwin Wallace University

North American University Groups

In order to help you select your 4 universities for your exchange with the MICEFA we have created groups. Selecting universities from various groups will help increase your chance of entering a university you desire. If you select only universities from Group A, there is a greater chance that you will be placed outside of your 4 wishes.
